Mr. Ruopp,

Autumnwood EHS Consultants sent the EPA the original letter addressed to the U.S. Army Corps of Engineers for a joint application. Would you like me to send the original letter to you for your records. I have PDF the letter for the Facility files.

Some comments on the application:

The block for the Statement of Authorization has not been signed on the first page of the application. The site location map needs a north arrow. A site address should be added to the first and second figures. On the third figure, a north arrow is not appropriate for a cross section, a direction for example is the direction east on one side and west on the other. Is the scale for the vertical or horizontal dimensions?

Please contact me with any questions.

Respectfully,

John Nordine, CPG, LPG
